Case 2:23-cv-00909-NIQA  
Document 4 Filed 3-3-23

I am writing you because I was informed that C.O. Fabiani should also be put in the civil action, because he also put his hands on me as well, but that's after the third time C.O. Bunda put his hands on me. I don't know what they are ~~saying~~ saying about C.O. Fabiani is right?

But I went to the bone doctor on 3-7-23, which he referred me to PT (physical therapy) and a hand doctor. Physical therapy for my shoulder, and the hand doctor for my hand that got injured in the 1-24-23 incident on D-Module in B.C.C.F.

on 3-8-23 went and seen (PT) physical therapist Matt Mahon at Doylestown Health, Doylestown Hospital which he gave exercises to do, which I have been doing them since 3-8-23, everyday as directed.

I ~~was~~ was told ~~by~~ the bone doctor that my shoulder bone and collar bone is dislocated and the ligaments are torn (that's my left shoulder, collar bone and hand).

I have NOT seen a hand doctor as of yet (referred 3-7-23) and my shoulder and hand constantly in PAIN!

Sir, I was informed that C.O. Bunda got an inmate a 2 to 4 years up state, because he alleged that the inmate assault him; which you will see that C.O. Bunda also tried to get me for an assault on staff and attempting to commit assault of staff, which I was found NOT GUILTY on BOTH!! Sir, by the time you receive this legal information I should be released on parole; this is where I will be residing; Jimmy Lee Wilson Sr. 207 Buckley St, Bristol, Pa, 19007

P.S. The incident that happen on 1-24-23 on D-Module was recorded by the cameras that on the Module in the dayroom.

Officer's Version							
<p>On 01/24/2023 at approximately 0920 hrs, I Officer Bunda was posted on Delta Module. At this time, medication distribution was in progress. I started to walk around with the nurse to distribute medication to locked inmates. Inmate Wilson was first on the list of locked inmates to receive medication. The cell he was housed in (D-06) has no tray slot. I approached his cell door with the nurse and asked him if he wanted his medication. He replied "Yes." I opened his cell door and he took his medication cup from the nurse and left his cell walking into the dayroom towards the water fountain. I informed this inmate several times that since he is Administrative locked he cannot leave his cell. I gave inmate Wilson several verbal directives to return to his cell in which he refused. I attempted to guide him back to his cell in which he was still resisting and failing to comply with all verbal direct orders. He then threw an elbow towards myself and Ofc. Fabiani. At this time, we assisted the inmate to the floor and I applied handcuffs. Inmate Wilson was then escorted off the unit to the dispensary to be evaluated by medical staff.
